Overall Length:

6.060 inches

Overall Height:

3.670 inches

Overall Width:

2.900 inches

Basic Shape Style:

Rectangular or square

Identification Designator:

Anfps85-80058

Inclosure Type:

Encased

Circuit Construction Type:

Solid state

Connection Type And Location:

Single panel jack top and receptacle, coaxial top

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A32200
