Overall Length:

12.625 inches

Overall Height:

7.625 inches

Overall Width:

3.750 inches

End Application:

An/apn-17 (v) radar navigational set, airborne

Special Features:

Jedts designator cy-6105/apn-17 (v); case, receiver-transmitter; provides mechanical protection & ensures proper ventilation of rcr-transmitter, radar rt-833(v)/apn-175(v)

Material:

Aluminum

Material:

Aluminum

Surface Treatment:

Paint

Surface Treatment:

Paint

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T358-a
