**Component Type And Quantity:**

1 absorber and 1 capacitor and 1 chassis and 1 connector and 1 delay line and 1 module and 1 insulator and 1 diode and 1 transistor

**Special Features:**

Mounting method: bracket; component quantity: 13

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A5110
