**Overall Length:**

3.532 inches

**Overall Height:**

2.375 inches

**Overall Width:**

2.813 inches

**Component Type And Quantity:**

3 insulator

**Special Features:**

Major components: component board 3; terminal board 1; component quantity: 7; mounting method & configuration: slot, three holes and two slots irregularly spaced

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511I0
