Special Features:

Aircraft not auto controlled; 3 maximum aircraft under simultaneous control; derived control continuous scope data presentation 278 to 2820 mhz and 9000 to 9160 mhz radar freq range 100 to 156 mhz and 22 to 399.9 mhz transmitting and receiving freq range oper pwr ac, 120v, 60 cycles, 3 phase components list af, tech manual, t.O.31p5-2mpn11-4as modified by t.O.31p5-2mpn11-506 and 565; jetds landing control central, type no.An/mpn-13

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23800
