Overall Length:

2.500 inches

Overall Height:

0.906 inches

End Application:

Type no. An/fpn-46

Component Type And Quantity:

4 capacitor and 5 diode and 3 transistor

Special Features:

Mounting method: 9 pin min tube socket; component quantity: 26; usage design: one shot multivibrator; fsc application data: timer synchronizer, loran

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511I0
