Overall Length:

3.900 inches

Overall Height:

0.518 inches

Overall Width:

1.000 inches

Component Type And Quantity:

1 printed wiring board and 1 terminal

Special Features:

Major components: connector pin; guide pin; nut plate; support board; component quantity: 24; mounting method & configuration: threaded hole, three no. 4-40unc-2b threaded mounting holes irregularly spaced

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511I0
