**Overall Length:**

16.000 inches

**Overall Height:**

1.380 inches

**Overall Width:**

1.780 inches

**Component Type And Quantity:**

1 channel

**Special Features:**

Screw mtd; tuning screw 1, elec contact 2; one 0.190 in. Diameter mtg hole centrally located; transmitter radar, nonairborne exc. Fire control and guided missile, jetds type no. T-1028/fps-85

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511I0
