Overall Length:

16.000 inches

Overall Height:

1.380 inches

Overall Width:

1.780 inches

Component Type And Quantity:

1 channel

Special Features:

Screw mtd; tuning screw 1, elec contact 2; one 0.190 in. Diameter mtg hole centrally located; transmitter radar, nonairborne exc. Fire control and guided missile, jetds type no. T-1028/fps-85

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511I0
