Overall Length:

6.750 inches

Overall Height:

2.250 inches

Overall Width:

2.250 inches

Component Type And Quantity:

1 capacitor and 1 diode and 1 tube and 1 resistor and 1 transformer

Special Features:

Mounting method: chassis; component quantity: 109

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
