Overall Length:

10.750 inches

Overall Height:

9.625 inches

Overall Width:

5.875 inches

Component Quantity:

1

Locking Device:

Not included

Component Controlling Agency:

Jetds

Component Name:

Converter telegraph telephone signal

Component Identifying Number:

Cv-425/u type no.

Special Features:

Marked coverter, telegraph-telephone signal cv-425/u incl carrying strap

Material:

Aluminum

Surface Treatment:

Enamel

Fsc Application Data:

Terminal, telegraph-telephone

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-a
