Radio Frequency Monitor - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5895-01-048-6433

| Basic Shape Style:                                  |  |
|---|--|
| Rectangular or square                               |  |
| Identification Designator:                          |  |
| 1d-2114/g-80058                                     |  |
| Inclosure Type:                                     |  |
| Encased   |  |
| Operating Control Method:                           |  |
| Manual  |  |
| Installation Design:                                |  |
| Rack  |  |
| Control Type:                                       |  |
| Local   |  |
| Circuit Construction Type:                          |  |
| Solid state   |  |
| Indicator Device Type And Quantity:                 |  |
| 1 cathode ray tube and 9 light                      |  |
| Criticality Code Justification:                     |  |
| Feat  |  |
| Product Name:                                       |  |
| Rf monitor id-2114/g, id-2113/g                     |  |
| Special Features:                                   |  |
| Tolerance of electronic components                  |  |
| Relationship To Similar Equipment:                  |  |
| SIMI-LA-RTO-,BUT                                    |  |
| Type/model Designation:                             |  |
| Rf monitor id-2114/g                                |  |
| Fsc Application Data:                               |  |
| An/grn-2 (v), solid state instrument landing system |  |
| Shelf Life:   |  |
| N/a   |  |
| Unit Of Measure:                                    |  |
|   |  |
| Demilitarization:                                   |  |
| Yes - demil/mli                                     |  |
| Fiig:   |  |
| A32200  |  |
