## NSN 5895-01-115-8377

**Fiig:** A51110

Transmitter Subassembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5895-01-115-8377

End Application:
E3a maritime
Component Type And Quantity:
2 capacitor and 1 cover and 1 filter and 1 housing and 1 monitor and 3 resistor
Special Features:
Major components: resistor assembly 3; component quantity: 266; usage design: high voltage filter assembly transisto
Shelf Life:
N/a
Unit Of Measure:
-
Demilitarization:
Yes - demil/mli
