Case Material:

Aluminum

Connector Manufacturer Code:

71468 and 71785

Connector Manufacturer Part Number:

Dcu-37pad

Operating Temperature Range:

-40.0/+131.0 degrees fahrenheit

Maximum Voltage Rating In Volts:

28.0 dc

Inclosure Type:

Encased

Terminal Location:

Back

Power Source:

External

Mounting Method:

Rack

Terminal Type And Quantity:

2 connector plug

Maximumlength:

6.190 inches

Maximumheight:

1.875 inches

Indication Method:

Transmitting light

Special Features:

10 pushbutton type switches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A31700
