Special Features:

Full access matrix with 21 sma female connectors spaced 0.5 in. Apart on same thin side along with 9-hole electrical plug and 3 more connectors; o/a dims 16.0 in. Lg; 2.625 in. W; 0.466 in. Thick; one hole-down screw at each end of 16.0 in. Length; vswr inputs and outputs 1.7 to 1; signal input a and b to j 1 to j 20 19 db maximum loss with variation porm 1.0 db; isolation for outputs j 1 to j 20 15 db min; for test input to outputs 25 db min; for inputs a and b toy for inputs a and b to direct out 70 db min

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
