End Application:

Microwave terminal, ter-102; 5820012083111

Multiplexing Method:

Frequency division

Supplementary Features:

Multiplexer accepts 3 data streams, 2 at 12.928mb/s & 1 at 192kbs for communications between terminals; designed for portable appl or rack mounting; It-2 is equipped with an orderwire sys which consists of an orderwire interface and handset

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T187-f
