End Application:

Terrain following radar; synchronizer-transmitter, radar p/n 2487601, sn-558/apq-171 (v)

Special Features:

Major components: circuit card assembly 1; usage design: silicon control rectifier switching assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A5110
