Overall Length:

12.160 inches

Overall Height:

2.440 inches

Overall Width:

5.940 inches

End Application:

5895-01-119-9900 amplifier-power supply

Mounting Configuration:

Eight 0.190 in. Diameter threaded holes spaced 5.437 in. C to c along width and irregularly spaced along length

Material:

Aluminum alloy

Material:

Aluminum alloy

Surface Treatment:

Paint

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T23700
