Overall Length:

6.125 inches

Overall Height:

1.250 inches

Overall Width:

3.750 inches

End Application:

Airport remote monitoring system

Component Type And Quantity:

2 resistor

Special Features:

Jack connector 2; jack tip 2; printed wiring board 1; configuration mtg: plug in mtg; functional description: rf signal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
