Overall Length:

8.720 inches

Overall Height:

6.120 inches

Overall Width:

0.880 inches

End Application:

Automated surface observing system (asos)

Circuit Quantity:

3

Special Features:

Two 8-pin standard dds line jack and one rs-232 db25 connector icw eia-232c; operates full duplex over 2 wire dial up or 2- or 4-wire leased lines; rack mounted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T187-d
