Application Design:

Panel

Body Width:

11.472 inches

Body Height:

16.438 inches

Body Depth:

0.337 inches

Special Features:

Metal is perforated on bottom portion of cover

Material:

Aluminum alloy

Material:

Aluminum alloy

Surface Treatment:

Anodized

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T23700
