**Overall Height:**

0.145 inches

**Overall Width:**

Between 0.797 inches and 0.827 inches

**Operating Temperature Range:**

-54.0/+71.0 degrees celsius

**End Application:**

E-2c (peculiar)

**Basic Shape Style:**

Rectangular or square

**Frequency Per Channel:**

10.0 megahertz operating channel and 20.0 megahertz operating channel

**Impedance Rating Per Channel:**

50.000 ohms operating channel

**Connection Type And Location:**

Pin left side and pin right side

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A32200
