**Overall Length:**

9.500 inches

**Overall Height:**

8.380 inches

**Overall Width:**

3.940 inches

**End Application:**

Ter-102wb/ac dbrite

**Usage Design:**

Monitors equipment power levels and other system voltages which indicate certain operating parameters and equipment faults and provides control for equipment functions

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T121-a
