Overall Length:

9.680 inches

Overall Height:

5.250 inches

Overall Width:

6.420 inches

End Application:

F-16c/d

Criticality Code Justification:

Feat

Special Features:

Esd

Functional Description:

Advanced interference blanker unit

Precious Material And Location:

All Iru's and cca connector pins gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T187-f
