Electrical Power Source Relationship:

Operating

Indicator Type:

Meter

Channel Quantity:

1

Operating Frequency:

Between 300.000 hertz and 2.000 megahertz

Special Features:

For use with irig pbw multiplexed data; has a calibration switch

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T199-c
