**Overall Length:**

0.515 inches

**Overall Height:**

0.125 inches

**Overall Width:**

0.390 inches

**Operating Temperature Range:**

-54.0/+100.0 degrees celsius

**Average Life Measurement:**

Not rated

**Basic Shape Style:**

Rectangular or square

**Inclosure Type:**

Encased

**Installation Design:**

Mechanical

**Circuit Construction Type:**

Solid state

**Attenuation In Decibels:**

8.0

**Special Features:**

Flatpack type i.C.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A32200
