**End Application:**

Westren insturmentation range

**Special Features:**

Xcvr group provides capibility to receive dual diversity combined telemetry data from orbital vehicles: freq. Range is 2.000 to 2.300 ghz, and demodulation into 3 subcarriers for processing

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A23800
