Overall Length:

17.000 inches

Overall Height:

14.000 inches

Overall Width:

6.000 inches

Operating Temperature Range:

+0.0/+55.0 degrees celsius

End Application:

Pathfinder/st navigation radar system

Basic Shape Style:

Rectangular or square

Identification Designator:

Spa interface unit

Signal Data Type Per Channel:

2nd output channel synchro err-100

Type/model Designation:

Cv-3442a

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A32200
