End Application:

An/grc-171 (v) 4

Installation Design:

Transportable

Limiting Adjustability:

Adjustable

Special Features:

Frequency range is 225 to 400 mhz

Functional Description:

The interference cancellation module, reduces receiver input interference upto +8.5 dbm (pep)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T198-a
