**End Application:**

An/grc-171 (v) 4

**Installation Design:**

Transportable

**Limiting Adjustability:**

Adjustable

**Special Features:**

Frequency range is 225 to 400 mhz

**Functional Description:**

The interference cancellation module, reduces receiver input interference upto +8.5 dbm (pep)

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T198-a
