Average Life Measurement:

Not rated

End Application:

Andvt

Inclosure Type:

Encased

Installation Design:

Top of cabinet/counter

Circuit Construction Type:

Solid state

Special Features:

Provides extended distance remotecontrol of milstar terminal

Functional Description:

Serial/parallel or parallel/serial conversion (depends upon connection)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A32200
