Switching Control Console - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5895-01-463-5760

Ac Voltage Rating:
240.0 volts
Switch:
Included
Special Features:
Programmable; 240 vac; multiple modulation phaco (mmp) offers fast flexible programming for diff phases of nucleus removal, incl 3 sets of
programming opts for ea parameter, with unique program for ea phase; preprogrammed foot pedal gives immediate access to 3 mmp
levels, increasing efficiency/control
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T122-c
