Overall Length:

2.750 inches

Overall Height:

0.750 inches

Overall Width:

1.750 inches

End Application:

Personal computer workstations

Component Type And Quantity:

1 converter

Special Features:

Cuts the cost of ethernet cabling with a 10base2 coaxial transceiver; compact; connects directly to the workstation or aui drop cable; no external power supply required; standards: ieee 802.3 10base2; connectors: 1 aui (db-15) (10bases, 50 meters), 1 bnc female (10base2, 185 meters); switches: sw1, 50 ohm terminator and sw2, sqe test; led lit when power is on

Unpackaged Unit Weight:

1.000 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
