Overall Length:

14.360 inches

Overall Height:

2.040 inches

Overall Width:

10.700 inches

End Application:

Aircraft, ap-3c

Wattage Rating:

75.000 watts

Voltage In Volts And Current Type:

115.0 ac

Functional Description:

Records video and audio information

General Description:

Single audio channel; remote controlled through the scan converter pallet

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
