Overall Length:

19.620 inches

Overall Height:

7.620 inches

Overall Width:

4.910 inches

Current Type:

Dc

Manual Operation Facility:

Not provided

Voltage In Volts:

28.0

Special Features:

Microprocessor controlled; interface between aircraft communications and individual crew stations; mixes and switches audio channels; downloaded from rom to ram; op temp m54 to p55 degrees c; tempest compliant

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T142-q
