**Special Features:**

This is a fully populated vxi chassis with around 18 components, the navy apl (allowance parts list) for this is 00043115. The item is managed by navicp mechanicsburg pa. This is a good nsn and material could be available if someone needed to purchase, however the form of support for this item is at the component level and not the complete chassis.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A23800
