Average Life Measurement:

Not rated

End Application:

Tano corp., bridge control console, mcpms, part/model no. 4405a4000-1

Basic Shape Style:

Rectangular or square

Circuit Construction Type:

Solid state

External Dc Operating Voltage In Volts:

12.0 single voltage

Color:

Black

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A32200
