**Average Life Measurement:**

Not rated

**End Application:**

Tano corp., bridge control console, mcpms, part/model no. 4405a4000-1

**Basic Shape Style:**

Rectangular or square

**Circuit Construction Type:**

Solid state

**External Dc Operating Voltage In Volts:**

12.0 single voltage

**Color:**

Black

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A32200
