Ac Voltage Rating:

Between 115.0 volts and 240.0 volts

Electrical Power Source Relationship:

Self-contained

Internal Battery Accommodation:

Not included

Multiplexing Method:

Time division

Phase:

Single

Special Features:

Multiplexer, foptic

Supplementary Features:

Rackmount card

Fsc Application Data:

Eelv - agc data transport

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T187-f
