End Application:

Solid state air cooled frequency converter, part no. 700-33452

Product Name:

Input circuit breaker assembly

Special Features:

Contains input, output, distribution power, logic power and fan power circuit breakers, system distribution transformer, input and output current transformers, logic emi filter, input voltage sense transformer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A17600
