**Operating Temperature Range:**

+0.0/+50.0 degrees celsius

**Maximum Voltage Rating In Volts:**

24.0 dc

**Inclosure Type:**

Encased

**Terminal Location:**

Back

**Power Source:**

External

**Terminal Type And Quantity:**

11 pin

**Maximumlength:**

4.000 inches

**Maximumwidth:**

1.900 inches

**Special Features:**

Equipped with two indicator lights: power on and output status; 6va power consumption; 11 pin plug-in enclosure; automatic or manual (remote) selectable reset mode

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A31700
