End Application:

C-130 c mk 3a aircraft

Document Source:

78711

Sterility:

Nonsterile

Product Name:

Interface control unit

Special Features:

Icu provides interface between the aircraft systems and the intercommunication system to allow audio communications between crewmembers and radios; dimensions 14.05 in. Wide x 12.02 in. High x 2.68 in. Deep

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23800
