Overall Length:

5.700 inches

Dc Voltage Rating:

5.0 volts

End Application:

Next higher assembly: 6239840-006. Wsd: consolidated avionics accessories

Emitted Light Characteristic:

White

Indicator Type:

Light

Panel Material:

Plastic

Product Name:

Panel, lighting

Special Features:

Finish color black no. 37038.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T122-b
