**Ac Voltage Rating:**

Between 100.0 volts and 242.0 volts

**Frequency Rating:**

Between 47.0 hertz and 63.0 hertz

**End Application:**

Aperture satellite

**Operating Frequency:**

Between 3.400 gigahertz and 4.200 gigahertz

**Product Name:**

Super extended c-band vsat transceiver

**Special Features:**

Cone decibel compression point eight dbm; tx gain thirty decibel; weight in kilograms 10.5; visual indicator green led flashing indicates power is active, red led indicates a summary alarm

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T199-c
