Overall Length:

4.290 inches

Special Features:

50 lb range; 100 mv/lb; 2 gram head weight; miniature with end extender; output voltage -5v; 3 second discharge time; 300 khz resonant frequency; 44-45 rockwell c hardness; 200 lb safe impact magnitude; 100 ohm output impedance; 2-20ma output current; 18-30 vdc suply voltage; impact tip stainless steel; impact tip dia. 0.100 inch

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
