Overall Length:

16.930 inches

Overall Height:

1.750 inches

Overall Width:

9.380 inches

Operating Temperature Range:

+32.0/+104.0 degrees fahrenheit

End Application:

Western range comm center; space lift range system

Basic Shape Style:

Rectangular or square

Attenuation In Decibels:

20.0

Overall Gain:

73.0 decibels

Product Name:

Mixer

Special Features:

All switching is under microprocessor control with proprietary algorithms

Type/model Designation:

At-mx351

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A32200
