Overall Length:

19.000 inches

Overall Height:

5.250 inches

Overall Width:

14.000 inches

Basic Shape Style:

Rectangular or square

Inclosure Type:

Encased

Operating Ac Frequency In Hertz:

50.0 single voltage and 60.0 single voltage

External Ac Operating Voltage In Volts:

85.0 single voltage and 260.0 single voltage

Product Name:

Digital cinema monitor

Special Features:

Monitor and crossover functions in 1 box; digital signal processing; qsc dataport connectivity; includes 6 ft. Line cord, user manual, 3.5 in.

Hd software disk

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A32200
