End Application:

Adams

Special Features:

The command post platform (cpp) rigid wall shelter (rws) and associated items of equipment consist of shelter-mounted equipment that supports the air defense airspace management (adam). This shelter is mounted on a heavy-variant hmwv. The system hosts multiple battle command and support communications equipment and software suites and interface with numerous other digitized vehicles to serve as an information aggregation point.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
