**Overall Length:**

14.500 inches

**Overall Height:**

1.750 inches

**End Application:**

5895-01-495-9105 - an/usc-6 (v)1 - lightweight multiband satellite terminal (lmst)

**Criticality Code Justification:**

Feat

**Voltage In Volts And Current Type:**

120.0 ac

**Product Name:**

Gps receiver with saasm module

**Special Features:**

Contains parts and assemblies susceptible to damage by electrostatic discharge (esd)

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
