Overall Length:
14.500 inches
Overall Height:
1.750 inches
End Application:
5895-01-495-9105 - an/usc-6 (v)1 - lightweight multiband satellite terminal (lmst)
Criticality Code Justification:
Feat
Voltage In Volts And Current Type:
120.0 ac
Product Name:
Gps receiver with saasm module
Special Features:
Contains parts and assemblies susceptible to damage by electrostatic discharge (esd)
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
